

Who

© Mr. AL and Becky Bailey

Chorus:

Who let the manners out? I did.

Who let the kindness out? I did.

Who let the caring out?

It must have been you. Who me? Yeah you!

So turn around and put your hands in the air.

Shake your body and show me you care.

Turn around and put your hands in the air

And breathe ... like me.

Repeat chorus.

Turn around and put your hands on your knees.

Shake your body just like me.

Turn around and put your hands on your knees.

And breathe ... like me.

Repeat chorus.

Who let the manners out? I did.

Who let the kindness out? I did.

Who let the caring out?

It must have been you. Who me?

And you, and you, and you.

Make New Friends

Don Monopoli

© 2011 #1 Best Kid's Songs

Have children stand and form a circle holding hands to sing this song together. Each time children sing the chorus they raise their hands and step towards the center of the circle, touch hands in the middle, and step backward to return to place.

Repeat the forward and backward movement to the end of the chorus. While singing the verses, children hold hands and gently sway back and forth.

Chorus:

Make new friends, but keep the old.
One is silver, the other is gold.
Make new friends, but keep the old.
One is silver, the other is gold.

A circle is round, it has no end.
That's how long, I will be your friend.
A fire burns bright, it warms the heart.
We've been friends from the very start.

Repeat chorus.

You have one hand. I have the other.
Put them together, we have each other.
Silver is precious, and gold is, too.
I am precious and so are you.

Repeat chorus.

You help me, and I'll help you
And together we'll see it through.
You have one hand, I have the other
Put them together and we have each other.

Repeat chorus.

I Will Be Your Friend

I will be your friend
Will you be my friend?
There's so much that two friends can do;
When you are just one
It's not as much fun.
All my favorite games take "two."

We could climb trees and
We could catch tadpoles
Build a fort out of rocks and stones.
I will be your friend
Will you be my friend?
Then we won't have to play alone.

I have a treehouse my daddy built
I climb up there and hide;
But it's no fun when I'm all alone
I know there's room for two inside.

If I was your friend
If you were my friend
I would always stick up for you;
We would start sharing
We would start caring
We'd be friends, and that's what friends do.

I have a treehouse my daddy built
I climb up there and hide;
But it's no fun when I'm all alone
I know there's room for two inside.

I will be your friend,
Will you be my friend?
I will always stick up for you;
We will start sharing
We will start caring
We'll be friends, and that's what friends do.
